

# THE ARRIVAL OF HOSHIZAKI

## STEELHEART REFRIGERATION SERIES

**STEELHEART**

UPRIGHT | UNDERCOUNTER  
WORKTOP | MEGA TOPS & SANDWICH PREP  
CHEF BASE | PIZZA PREP TABLE

### SUSTAINABLE CONSTRUCTION

- Stainless steel, corrosion-resistant exterior front, sides, top & interior
- Heavy-duty, stain & chemical resistant
- Environmentally friendly R290 hydrocarbon refrigerant
- Interior LED lights offer better visibility
- Top mount refrigeration provides increased interior space & improved condensation removal
- Includes epoxy-coated wire shelving that supports maximum loads & adjusts in 1-inch increments fully utilizing storage capacity
- 2" foam insulation throughout creating a more energy efficient unit

### UNRIVALED PERFORMANCE

- Ducted panels with louvered openings that direct airflow evenly through each shelf & cabinet
- TXV (Thermostatic Expansion Valve) system regulates refrigerant flow quickly to control temperatures, resulting in better food safety
- Stepped door protects unit's gasket from extended trays & pans
- Durable drawers on undercounter and prep tables (life tested at 175 lbs with no signs of significant wear)
- Heavy-duty stem casters

### SIMPLE OPERATION & MAINTENANCE

- Spring hinge self closes or stays open at 90° for easy access
- Foot pedal offers hands-free access (optional)
- Roll-In installation for upright reach-ins; fits through standard height doorways
- Can replace air filters without opening the unit top
- 3-year parts & labor warranty for entire unit; 5-year warranty on parts for compressor
- Back of each unit has a QR code for simple access to warranty & service
