

# GLO-RAY® HEATED GLASS MINI-MERCHANDISING WARMERS

Models GRHW-1SGD, -1SGDS

Safe and convenient, Hatco Heated Glass Mini-Merchandisers create impulse sales by placing fresh product in front of the customers. Hatco foodwarmers hold hot product at peak serving temperatures and are ideal for convenience stores, supermarkets, delis, concession stands, snack bars, kiosks, and pizzerias.

## QUALITY

The following features assure the finest performance for years to come:

- Both models feature thermostatically-controlled heated bases to extend the holding times of most food, and a cord and plug set.
- Prefocused infrared top heat directs heat to the outer edges of the holding surface where heat loss is the greatest.
- Patented heated glass technology doubles the holding capacity.
- Coated shatter-resistant incandescent lights enhance product displays while safeguarding food products from bulb breakage.
- Sturdy acrylic sneeze guard provides a safe environment when serving food.
- Choose from either horizontal or slant shelves.
- They come in standard *Designer* Black, have a thermostatically-controlled base, sneeze guard, side enclosures, and 6' cord and plug.
