

TRIMARK USA SET TO OPEN NEW DALLAS DISTRIBUTION FACILITY

TriMark USA acquires 200,000 square foot facility near DFW International Airport.

SOUTH ATTLEBORO, MA – December 13, 2016 – TriMark USA has announced plans to open a new 211,000 square foot free trade zone (FTZ) warehouse adjacent to Dallas Fort Worth International Airport. The announcement follows the company finalizing a contract with the developers of Majestic Airport Center DFW.

“The new Dallas facility provides an opportunity to combine warehouse operations of two local TriMark Divisions, TriMark R.W. Smith and TriMark Strategic, while significantly expanding capacity for each. The FTZ distinction enables us to dramatically increase the volume of imported products for the benefit of all TriMark Divisions,” said TriMark USA President & CEO, Jerry Hyman.

The new distribution facility will open on February 1, 2017 as the single point of destination for all of the company’s imported tabletop and smallwares products. The existing Dallas-area warehouse operations are expected to be in place at the new location by mid-year.

“This move helps us efficiently manage our recent growth and continue to exceed our customers’ expectations,” said Hyman.

With the new facility, TriMark will have over 1.7 million square feet of warehouse space in 32 locations nationwide.
