

TRIMARK USA REACHES \$1 BILLION IN REVENUES

TriMark USA is the first foodservice equipment and supplies distributor to post \$1 billion in revenues.

SOUTH ATTLEBORO, MA – April 7, 2015 – TriMark USA reported sales in excess of \$1 billion in 2014, making it the first foodservice equipment and supplies dealer to reach this milestone.

“Being the first distributor in our industry to reach \$1 billion in sales is a testament to the hard work and dedication of our people. What is also impressive is that we reached \$1 billion while realizing 13.5% organic growth spread out across all TriMark operating Divisions,” said TriMark USA President & CEO, Jerry Hyman.

This achievement was reported by Foodservice Equipment & Supplies (FE&S) magazine in its annual Distribution Giants study. For the second year in a row, TriMark has earned the top spot as the country’s largest foodservice equipment and supplies dealer by sales volume.

TriMark’s volume increased by \$128 million in 2014, which was the largest single-year dollar gain of any company reporting that year. This growth alone would position TriMark as the 11th largest dealer in the industry.

About TriMark USA, LLC

TriMark USA is the country’s largest provider of equipment, supplies and design services to the foodservice industry. TriMark offers foodservice operators an unparalleled level of service by combining the hands-on support and local market knowledge of a strong regional supplier with the purchasing strength, industry expertise, delivery, and installation capabilities of a national company.
