

TriMark Celebrates the Grand Opening of a New Test Kitchen in Tampa, Florida

January 6, 2020 – Proudly serving the foodservice and restaurant community in the southern region for decades, TriMark Strategic held the grand opening for its new full format test kitchen in Tampa, Florida in December.

The 1,500 square foot state-of-the-art test kitchen is a gathering space where the TriMark team can put on display their world-class support, innovative equipment solutions, and expert services for clients and manufacturer partners.

“This well-planned, beautiful facility is one of the top TriMark venues. The space will be host to events, training sessions, product and menu development for clients and potential customers, and a home to our team. I am extremely pleased with the support from our vendor community and manufacturer rep groups,” says Jon Jacobs, Vice President and General Manager.

Whether it’s a manufacturer equipment training, an owner menu testing, a rollout training, or a conceptual design meeting, TriMark is confident that this facility will be a significant value-add for our partners and clients. We look forward to serving the industry at this new test kitchen.
