

These guidelines are to be utilized for Inbound Shipments to TriMark Cleveland (SS Kemp) and are applicable to shipments into our Cleveland & Pittsburgh Warehouses and for Drop Shipments Direct-to-Customer where the Mode of Transportation on the Purchase Order states **Ship via TriMark Cleveland Routing Guide.**

Transportation Mode—Small Parcel / Less-Than-Truckload (LTL) / Truckload—is based on four factors:

- 1.) Total carton count of the shipment
- 2.) Total weight of the shipment
- 3.) Dimensions and weight of the cartons within the shipment
- 4.) Total linear feet of trailer space required for the shipment

SMALL PARCEL MODE

Ship via: **FedEx**® **Ground**

Choose "Recipient" for "Bill Transportation To"

Enter 569620546 in "Account #" field

Use Small Parcel Mode when:

Carton Count: 20 cartons or less

AND

Total Weight: 250 lbs. total weight or less

AND

Individual Carton Size and Weight:

[length + girth] is less than or equal to 130 inches for ALL cartons within shipment. Length cannot exceed 108 inches and weight cannot exceed 150 lbs. for each carton

LESS-THAN-TRUCKLOAD (LTL) MODE

IS NOW

(Email) Trimark@onestopshipping.com or you may
(Call) (800) 699-9316 for carrier assignments. Ascent Global Logistics will provide a Bill of Lading for the shipment.

Use LTL Mode when:

Carton Count: Greater than 20 cartons

AND/OR

Total Weight: Between 250 lbs. and 5000 lbs.

AND/OR

Individual Carton Size and Weight:

[length + girth] is greater than 130 inches for at least one carton within the shipment, and/or at least one carton is greater than 108 inches in length or 150 lbs.

Measuring Length and Girth

Length and Girth Formula

Example: [Length + Girth]

*Length = 16 inches

Width = 12 inches

Height = 10 inches

Length + (2x Width) + (2x Height) = 60 inches

**Length is always the longest side of the carton*
