TC Moisturizing Hand Sanitizer

Sanitize your hands without water, soap and towels. TC Moisturizing Hand Sanitizer has proven in laboratory tests to kill 99.99% of pathogenic microorganisms on the skin, reducing cross-contamination and helping prevent the spread of disease. Unlike traditional gels, TC Moisturizing Hand Sanitizer dries quickly and leaves a soft, non-sticky feel. A unique combination of natural moisturizing ingredients help retain your skin's moisture - an average of 16% added moisture to your skin as proven in clinical tests - and improves with repeated use.

Superior Sanitizing Experience

Kills 99.99% of harmful germs instantly. Revolutionary spray delivery provides a more thorough hand coverage and the sanitizing liquid dries rapidly leaving a smooth, non-sticky feel. NSF Registered E3 Sanitizer.

Unique Moisturizing Properties

The special formula helps keep skin healthy and intact, reducing the potential for transmitting germs from person-to-person. The unique moisturizing ingredients actually increase the moisture by 16% in the skin, helping to keep skin healthier with repeated use.

Low Cost-in-Use

More doses of sanitizer with fewer refills reduce labor and costs.

Environmentally Responsible

The boxless refills and controlled delivery reduces packaging waste up to 80% versus traditional packaging. Patented CleanClic® nozzle eliminates leaking and dripping so there is no damage to floors or slip hazards.

Microorganism	Kill Rate	
	15 sec	30 sec
Bacteria		
Escherichia coli (ATCC# 11229)	>99.999%	>99.999%
