TAYLOR

Leading the Way in Accuracy™

Dual Temp Thermocouple and Infrared Thermometer

Taylor innovation is built on 150 years of expertise in producing the most comprehensive line of quality thermometers in the industry. Now we've taken this heritage of technology-driven solutions to the next level, to offer the thermometer user state-of-the-art advantages in the industry's first affordable combination thermocouple and infrared thermometer.

Features

Unique Dual Temp Thermocouple and Infrared Thermometer. Measures surface temperatures, without contact. Measures internal temperatures with 4" fold-out probe. The compact design of the Dual Temp allows you to carry it in your pocket or on your belt.

Additional Features

- Hold and Min/Max features
- Auto Off to extend battery life
- F & C Selectable
- CE certified
- Includes Lithium battery
- Built in belt clip

Specifications

Item	Non-contact Infrared Function	Thermocouple Probe Function
Temperature Range	-27°F to 428°F, -33°C to 220°C	-67°F to 630°F, -55°C to 330°C
Accuracy	±2%	±2°F
Emissivity	0.95	NA
Response Time	1 second	1 second
